BONE, Gratia (R)

2973 Makalei Pl.
Honolulu, HI 96815

Contact Number: (808) 561-0246

E-mail: gratiab@msn.com

Web Page:

Our District is one of the most beautiful and unique in the world.

As your representative, I will make every effort to create economic opportunities, lower crime through prevention efforts, and work closely with our small businesses. I'll also support the Governor in her efforts to reform a bureaucratic educational system. These are critical issues that can be addressed, with your help.

As someone who worked full time while attending graduate school, I understand the struggle that many face when no one can pay for their education but themselves.

Providing working families with child care and health care opportunities is important. While at Child & Family Service, I learned about tough issues facing some of our families, such as drug abuse, unemployment, and domestic violence. The time I spent working at Life Foundation gave me great insight into HIV/AIDS issues. As Director of Community Relations for 'Olelo Television, I experienced many diverse communities and cultures that make our Island so special.

I promise that I will stand up and voice your concerns on the floor of the House of Representatives. Fearlessly.
